AI Enablement & Adoption Lead · Microsoft Certified: AI Transformation Leader

I bridge enterprise AI strategy and day-to-day adoption, moving organizations from interest to measurable capability. At AllianceBernstein I built the global AI Champions Program from an executive directive into a thriving peer community.

EXPERIENCE

AllianceBernstein

Nashville, TN · 2021 – Present

Associate Officer, IMO Strategic Solutions Analyst

Aug 2026 – Present

- Lead the enterprise AI Champions Program across Global Technology & Operations, driving generative AI adoption through structured change management, targeted training and peer-led learning.
- Build end-to-end automations on low-code and enterprise AI platforms, freeing teams worldwide from repetitive tasks to focus on higher-value work.

Associate Officer, Business Analyst, Derivative Operations

Feb 2025 – Aug 2026

- Designed and launched the AI Champions pilot, including its strategic roadmap, training curriculum and network model.
- Delivered generative AI use-case training to accelerate adoption; presented “AI Adoption Unlocked” at the Nashville Technology Council Innovation Summit.

Associate Officer, Derivative Reconciliation Analyst

Aug 2024 – Feb 2025

- Integrated generative AI and LLM prompting into daily workflows, cutting manual effort and improving reporting accuracy.
- Established data readiness for AI with semantic data models, replacing legacy Excel reporting with automated executive Power BI dashboards.

Analyst, Derivative Reconciliation

Nov 2022 – Aug 2024

- Pioneered early AI adoption by founding a Lunch & Learn series that equipped peers to explore and apply available AI tools.
- Applied LLM prompting to root-cause analysis; automated legacy workflows with VBA.

Analyst, OTC Collateral

Jul 2021 – Nov 2022

- Led onboarding, mentorship and training for new team members; ran daily OTC margining and collateral risk reporting.

Earlier career

Leasing & Account Manager, McMahon Truck Leasing and Star Leasing · 2018 – 2021:
Built automated Excel quote generators that cut manual pricing work; guided pricing with P&L and market analysis.

Account Manager & Asst. Branch Manager, Enterprise Rent-A-Car, Commercial Trucks · 2016 – 2018: Grew the fleet 62% through B2B partnerships; launched a new branch; managed P&L for a top-volume U.S. branch.

Volunteering

Volunteer Data Analyst, MLK Magnet High School Cross Country · 2026 – Present:
Support my son's team as its data analyst. Automate race-result extraction into Google Sheets with Claude Cowork; built z-score models that normalize course conditions so coaches can compare athletes fairly.

EXPERTISE

Enablement & Adoption

Program architecture, AI Champion networks, peer-led learning, structured prompting, change management

Governance & Data Readiness

Responsible AI guidelines, permission-aware data governance

Strategy & Architecture

Buy vs. Extend vs. Build, agentic workflows with human-in-the-loop guardrails
